## William Blair SICAV Emerging Markets Small Cap Growth Fund - Class I USD

Class I USD Shares, USD. ISIN: LU0874276255, a Fund of William Blair SICAV

This Fund is managed by William Blair Investment Management LLC

The independent Management Company of the Fund is FundRock Management Company S.A.

This Class represents other Class I share classes: I, EUR (LU2001354823).

### Objectives and investment policy

The aim of the Product is to provide capital growth by investing primarily in a diversified portfolio of equity securities issued by small-sized companies in emerging markets. Emerging markets are typically countries that are still developing their economies.

The Investment Manager will choose companies which have had above average growth, profitability, and quality characteristics. The Product's performance is measured against the MSCI Emerging Markets Small Cap Index (net). The Product is actively managed within its objective and is not constrained by a benchmark.

This Product promotes environmental and/or social characteristics within the meaning of Article 8 of SFDR.

Any income generated by the Product is reinvested to grow the value of your investment.

The Product is not suitable for investors who plan to withdraw their money within 5 years. Investors should consider the Product only for the more aggressive portion of their portfolio. In addition, the Product is intended for investors who can accept the risks entailed in investing in securities of emerging market countries. The Product is suitable for investors who: Seek a return over the long term; Seek income whether in the form of capital appreciation or distributions, as outlined in the "Dividend Policy" section of the prospectus; Accept the risks associated with this type of investment, as set out in the "Risk Factors" section of the prospectus.

You can buy and sell shares in the Product on a daily basis on any full working day in Luxembourg when the New York Stock Exchange is open for trading. Further information on the Product's investment objectives and policy are detailed in the prospectus.

### Risk and reward profile

The Risk and Reward Indicator table demonstrates where the Fund ranks in terms of its potential risk and reward. The higher the rank the greater the potential reward but the greater the risk of losing money. It is based on past data, may change over time and may not be a reliable indication of the future risk profile of the Fund. The shaded area in the table below shows the Fund's ranking on the Risk and Reward Indicator.

- This Fund is categorized as a 6 because funds of this type have historically experienced high rises and falls in value. However, even the lowest category does not mean "risk free". The risk category shown above is not

guaranteed and may shift over time. Historical data may not be a reliable indication for the future.

- Currency exchange rate fluctuations may have a positive or negative impact on the value of your investment.
- Emerging markets risk: Emerging markets or less developed countries may face more political, economic or structural challenges than developed countries. This may mean your money is at greater risk.
- Shares of smaller companies may be more difficult to buy and sell than those of larger companies. This means that the Investment Manager may not be able to buy and sell at the best time or may suffer losses. This could reduce your returns.
- Investments through the Stock Connect programme may be subject to additional risks, including liquidity, operational, clearing, settlement, market suspension, custody and quota limitation risks.
- All the risks currently identified as being applicable to the Fund are detailed in the prospectus.

## Charges

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

### One-off charges taken before or after you invest

Entry charge	None
Exit charge	None

These are the maximum charges that we might take out of your money before it is invested and before we pay out the sale proceeds of your investment. In some cases, you might pay less and you should speak to your financial adviser about this.
